

## FLINT JUBILEE CHORALE

This newly-formed chorale from the Flint Institute of Music first performed together during the FIM's African American Heritage Month performance in February 2006. Comprised of outstanding solo voices, the chorale includes current and former voice instructors from the Flint School of Performing Arts, as well as members of the community.

The ensemble is unique because there is a friendship and intimate personal connection between the members. Several are related, (Ashli and Aaron, as well as Stephanie and LaTanya are siblings) so their voices naturally blend well.

Most of the participants have been involved for a number of years with FIM's African American Heritage events.

## FLINT JUBILEE GOSPEL SINGERS

The Flint Jubilee Gospel Chorale forms the nucleus of this 30-35 member group. Participation is coordinated by Sylvia Pittman and is by invitation. The focus is on developing a larger, high-quality group that retains the intimate feel of the smaller chorale. The Gospel Singers are multi-generational, multi-ethnic and non-denominational.

The *Music in the Parks* concerts on July 17<sup>th</sup> is the group's second performance for the summer series.
